Airport construction to take-off April 1st

At Mulatto Bayou

Dyke repairs begin to switch dredges

Notice to proceed with construction of the county's new jet-age airport is to be given by the board of supervisors, principal contractors, on April 1.

Prior to its issuance one or two items must be cleared away and Port and Harbor Commissioners set about that mission at their session Thursday.

Transfer of \$750,000 from a \$1,750,000 bond issue, for construction of a county port and airport, from the port and harbor construction fund to a separate airport construction fund is necessary before building can begin, according to Federal Aviation Agency officials.

The FAA has agreed to match county funds to the extent of \$476,650 for airport construction but before any of those funds are made available the county has to earmark its dollars in the new account.

The ruling came at a pre-construction conference earlier this month between officers of the FAA, the low bidder at \$746,513.27, Yates and Patterson, Inc., of Jackson, Michael Baker, Jr., Inc. also of Jackson, consulting engineers, and the Hancock County Port and Harbor Commission, under whose guidance the airport is being built.

Following the conference, Charles Hill, county port director, said notice to proceed with construction would be given to Yates and Patterson about April 1.

Port and harbor commissioners on Thursday voted to request authorization from the board of supervisors to transfer the funds and at the same time asked the fidelity bonds of the president, Donald Landry, and treasurer, Gus Elmer, be increased from \$5,000 to \$20,000 as they will sign checks for disbursements from the new fund.

Originally the airport project, in its first phase with a 6,000 foot runway, was estimated at approximately \$1,500,000. Subsequent amendments cut the runway length to 4,300 foot with provision for later expansion to 6,500. This cut the initial cost considerably but still left an overall shortage of funds for the larger project even though enough is in the construction

fund to build the shorter runway.

In addition to the runway, taxiway, land clearing, land acquisition, access road construction, fencing and the like, the port commission needs funds for hangars, terminal buildings, parking facilities for aircraft and automobiles, fuel dock areas, and above all, preparation of industrial sites.

On Thursday commissioners heard that Gulf States Testing Laboratories Inc., of Biloxi, have been chosen by Baker to undertake test work at the new airport on the basis of prices submitted on Jan. 23, 1967.

Their work will include compaction control of the sub base and shell base and quality control of asphalt and concrete surfacing.

Contract 1 at the site provides for erection of 18,700 linear feet of fencing. Corners of the project are marked with concrete monuments but interior property lines are not so distinguishable, according to

Kenny case trial date set May 2

The trial of a Long Beach man charged with manslaughter in the traffic death of Mississippi Highway Patrol Inspector Bill Kenny on Dec. 22, 1967, has been set at May 2.

Ronald David Henze, 30, a civilian employee of Mississippi Test Facility, pleaded innocent when arraigned before Circuit Judge Leslie B. Grant Mar. 13, in Gulfport.

Inspector Kenny was found dead at the wheel of his patrol car which had crashed into a tree, following an apparent hit-and-run accident in Long Beach. He was returning home from late duties at the Gulfport patrol station shortly after midnight.

Henze was charged in the case after his damaged automobile was found parked by his residence several hours after the mishap.

County supervisors decided Monday to make an on-site inspection Wednesday of the Port and Harbor Commission's Mulatto Bayou port project after they approved that commission's request to use county equipment for clearing and preparation of industrial sites at the port.

Port director Charles Hill presented the request in the form of a resolution of the commission commenting he knew that two draglines would be needed and supervisors agreed that a progress inspection would be timely along with an estimate of what equipment would be required. The port authority is to pay fuel and labor costs of the equipment.

Also approved was a transfer of \$750,000 from a

\$1,750,000 bond issue from the port and harbor construction fund to a new airport construction fund and renewal of a \$100,000 loan from the port and harbor bond sinking fund to the construction fund. Also that the bonds of Donald Landry, president, and Gus Elmer, treasurer be increased to \$20,000 as they will sign checks drawn on the new fund.

In other matters Byron P. Carter, field auditor for the State Department of Audit settled a matter that has worried supervisors for some time when he said the pauper fund was in reality a division of the county general fund and should the pauper account be depleted bills could be paid out of the general fund. County home expenses

Legion post to undergo renovations

The Clement Bontemps Post of the American Legion, Bay St. Louis, is to undergo extensive exterior renovations, according to John Wilkerson, post commander.

Sealed bids are being sought for the project to be repaired to specifications prepared by Fred Wagner, architect.

Although not revealing estimated cost, Wilkerson said Tuesday the alterations will include a new brick front, new siding, re-inforcement of rear of building and an enlargement of the sidewalk in front of the property.

Hospital eyes computer route

Hancock General Hospital trustees on Tuesday unanimously decided to advertise for bids for an electronic computer to replace the outmoded unit now in use at the hospital.

Trustee Conrad Moutrey recently reported on the effectiveness of such a device after witnessing a complete demonstration of the machine. He said the computer would accomplish in about four hours what now takes hospital office workers about 70 hours. H.J. Blackledge, administrator, stated that paper work connected with Medicare and other programs, plus the continually growing patient load will cause for purchase of new equipment, similar to that already in use. Such equipment will require at least two more office personnel.

The computer will eliminate detail work and can be operated by present employees, he said. Treasurer John Reisterford said that just being able to get statements out on or before the first of each month would save time, and patients billed earlier would be more prompt in payments. He added that with a balance of \$78,380.00 on his books as of Mar. 1, it wasn't a question of not being able to afford the computer. Ken Carson, Boardinghouse representative,

said it sounded like good business sense to him. The motion was made by Moutrey, seconded by Carson.

Trustee approved payment of the February claim due to the hospital, amounting to \$23,637.98, and William Frisbee, board attorney reported on the status of five lawsuits for past due bills he had instigated. This in accordance with the board's decision to utilize their attorney for this purpose instead of Medical Credit.

Blackledge reported on proceeds from the smelter bar. Those had previously gone into the employee recreation fund, but the administrator said that in the past two years since the fund's establishment, things had reached the stage where the money should be channeled into hospital funds. Trustee agreed that vending machines should be converted by companies supplying candy, cigarettes, etc. with the exception of the cigarette machine, which is owned by the hospital. Money is to go into a separate account to be used for needed equipment, and to spend only at discretion of the board.

Welcome Pilgrims

Pilgrims on Bay-Waveland Spring Pilgrimage visiting Spanish home of Dr. and Mrs. Robert Akors on Beach last Wednesday were welcomed to historic residence, once used as custom house, by, from left, Mimos, Paul Fassnacht,

J.H. Plunkett, Gus Elmer and Paul Vegas, Melinda Jane Harvey, Dotie Vignario, Melissi Trouton, and Lillian Jane Hadd, and Mimos, Robert Akors and Michael Akors.

Tilts bubbly

Mayor Garfield O'Ladner of Waveland, left, on Saturday passes bouquet of roses to St. Patrick's Day parade queen Miss Linda Hayes, daughter of Mr. and Mrs. Thomas Hayes, who already clutches glass of stuff for official toasts. Mayor proposed toast but was touchy and go as to whether or not he would require refill as passing motion also involved bubbly filling. Maids are Gail Longo, daughter of Mr. and Mrs. John Longo, left, and Robbie Landry, daughter of Mr. and Mrs. Donald Landry.

Beach Rd. fix fund loan OK'd

A short term loan of \$100,000 at four per cent interest to match federal funds available for repairs to the seawall and Beach Boulevard damaged by hurricane Betsy, was unanimously voted by county supervisors at their Monday meeting.

Estimated cost of repairs is \$422,025 of which the U.S. Bureau of Public Roads has agreed to contribute \$160,000, the county paying the remainder of \$262,025 of which county funds designated for this purpose are insufficient by approximately \$100,000, the amount to be borrowed, and which supervisors intend to repay within three months, when tax monies are received. The proposed loan will be from the Hancock Bank at a cost of \$1,000 interest.

During a discussion it was agreed that the loan was necessary to secure the federal contribution and also to speed up starting date of the repairs. Statutes require publication of the notice of intention to borrow funds in a county newspaper allowing 15 days after the first publication for a petition of at least 15 per cent of the qualified voters to file a petition requesting an election. Should such a petition be filed, a majority vote will be necessary before proceeding. April 4 was said to be the deadline.

A ruling by the state legislature authorizes the county to borrow up to \$1.3 million for this purpose, no money having previously been borrowed under this act.

Evidence of the loan will be in the form of a note or notes, supervisors said, and board attorney Joseph H. Bonvontelli noted that validation proceedings in Chancery Court will be necessary.

Teen Times

The Mississippi Education Assn. convention gave public school teachers and students two and one-half days of rest last week. While instructors were busy meeting, and many were finding some recreation in and around Jackson, the "mies" were happily playing horo-abouts.

Bay High band members took advantage of extra hours to call what is described the greatest product since the wheel was invented into use. It's an all purpose cleaning agent which, when diluted, makes six gallons of fluid guaranteed to remove every speck of dirt from everything including your dog's fur. Seriously, it's a very useful solution and the small price of \$2 will keep the average housewife supplied for months, and it's for a very good cause. Proceeds from sales, will help send the Pride of Tigerland to state convention in Jackson to compete in state-wide competition for the first time in over 20 years! So, if you haven't yet purchased your supply of the miraculous fluid, fear not, you still have time to donate to this worthy cause.

Now on to what's new in the way of boy-girl stuff. Who has Chuck "turned on" present?

And Randy T. seems more than a little interested in a young lady from New Orleans named Carrie.

D.H. has developed much interest in pretty, blonde D.M. Just how friendly is Debbie and Jerry's friendship?

Maureen Stamm just happened to get her driver's license the very same week her parents purchased their new car. Ricky Hadden arrived via plane Friday to spend spring vacation with his mother and brothers.

Jean and Emile are still having fun. The happy couple was spotted taking in a movie last Sunday.

Pam and Drew appear equally compatible. Someone wants to know if Sammy is still the light of Diane's life?

Roberta and Jimmy seem to have discovered a number of things to discuss when they're together.

Donnie and Bill made a surprise visit to the Bay over the weekend.

Kathy Krebs of Biloxi was a visitor here last week. Roger W. Cavanaugh's brother, Jay, and all of his friends send him get well wishes.

Carlos decorated Darome Darome's fingernails with flowers, yet!

Don't go into shock if strange noises are heard in the very near future. Edna Edna and Wild Thing will be in our midst and he's noted for sounds.

Speaking of sounds, who has been making frog-like noises? Wanda was feted at a surprise birthday party on Saturday, Mar. 9.

Terry B. really looks wonderful in the new outfit she's purchased since successfully dieting away numerous pounds. Who is the young man who just had to have a little blue hat?

Carol and her horse, Das Dee, and a friend were among many enjoying the sun on the beach on a recent Sunday.

Does Carl still have a "thing" for dark glasses? Who is responsible for the current trend in young male short haircuts?? The girls seem to love them regardless.

Cindy Wilcox of New Orleans and Andrea Sick of Theodore, Ala. were Super Frog's weekend guests.

David Callaspy will be boating up a storm just as soon as he checks out his new kayak. A boat in Stanislaus colors--yet!

Eric, the word just for you goes like this: Peter Rabbit Bunny Day is on the way! Did that senior recall the significance of the date Mar. 11, 1937?

Lynette Prevou has returned to classes after spending two days in Hancock General having a series of tests.

Draft calls 29 in for physicals

Twenty-nine men will leave for pre-induction physicals on March 21, according to Mrs. Carl Lader, clerk, Selective Service Board, 24, Bay St. Louis.

A further 12 will either have left or will leave for induction to active duty before the month's end.

Leaving for the Armed Forces Examining Station, New Orleans for physicals will be Joe L. Henry, Michael E. Gowen, Gerald P. Mauffray, Woodrow E. Mauffray, Stephen A. Labat, Wendell W. Lader, Carl J. Heltzmann, Bruce F. Daggett, Michael A. Barabino, Horace J. Johnson, Harry J. Young, Dalton L. Shaw, Jerry J. Collins, Randall J. Lader, Wesley C. Lee, Jack W. Feigel, Harold W. Nease, Harold J. Thomas C. White, Larry R. Carver, Lionel W. Hawkins and 55 to receive 1st communion on Sunday

Fifty-five children from St. Clare's Parish, Waveland, will receive their first Communion at the 9 a.m. mass on Sunday.

Following mass the group will be honored with breakfast in the school cafeteria hosted by St. Clare's Parish Social Committee.

Teenarama planned by OLG CYO

All teenagers are invited to OLG, CYO Teenarama from 10:30 a.m. to 10:30 p.m., March 31, at St. Joseph Academy Memorial Hall.

The day's activities will include a workshop conducted by 10 college students from Loyola University. Some of the subjects discussed will be War and Christianity, Are You For Real, and Playboy Philosophy in the U.S.A.

There will be a Youth Mass, supper and the day concluded with a dance.

Further details will be announced next week, Rev. Richard Somers, moderator, said yesterday.

Safety sticker examination

deadline nears

With only about two weeks left in the annual motor vehicle inspection period, only about one half of the number of cars and trucks registered in the state have reported for tag testing.

Highway Patrol Chief J. D. Gardner said yesterday that there is no grace period allowed after the March 31 deadline. He reminded motorists that enforcement action is expected to be taken against drivers who have not had their vehicles inspected by that date.

Usually a survey reveals about the same lack of compliance with the inspection deadline.

N.A. Ferraciolo reports about 47 stickers issued, down from this time last year, San Ferraciolo, about 75, also down from 1967. Hoagland said is running about level for the period with 27 issued to late March 20. He said the stickers are being issued at a slower rate than in previous years.

Auto stabilizer

Sheriff Fred Curet opens trunk for Jay Marst to install automobile stabilizer control.

Stabilizer is a safety device which, when installed in trunk of any car, prevents driver from losing control of vehicle in emergency conditions.

Seek burglar

Sheriff, officers foil jailbreak

A Hancock County jail prisoner was transferred to Harrison County after he was discovered in an attempt to saw through his cell bars last Thursday, and Sheriff Fred Curet, deputies, and Bay St. Louis city police, are working on a lead in the case of a burglar almost caught in the act of robbing Brown Thrifty Drug in the early morning hours Monday.

Those two items lead the list of crime reported in the area this week.

Gerall L. Jensen, alias Larry Scott, 30, who was arrested by Deputy George Rayburn on Tuesday before his attempted escape, was being held on auto theft charges. He was taken to Gulfport due to lack of maximum security space in the local facility.

City Police Chief Lathon Garriga, Ptn. Jimmy Favre and William Tate rushed to the drug store in Bay St. Louis after an alarm system sounded in the police station. They entered the building as the intruder was scrambling up a rope dangling from the roof where he had gained entry by chopping a hole. Favre fired one shot almost severing the rope as the man disappeared through the hole.

In other activity, two stolen automobiles were recovered, both within hours after they were stolen. Curet and Deputy Lee Klein picked up one car reported missing from Slidell at 6:30 p.m. Monday about 2 hours later on US 90. The driver, James Smith, 25 year old Negro, was picked up in Louisiana shortly after the automobile was recovered. Rayburn located a 1959 Chevrolet near the Mississippi truck scales several hours after it had been reported stolen from an Alabama resident.

Two juveniles were apprehended by Deputy Rayburn last Thursday as they were caught in the act of taking a flashlight, knife and other small articles from a home on Blue Meadow Road.

Bobo's doin' fine

Bobo Carver was all decked out in a new hat last Saturday when Polly Peers happened by County Home and spotted him talking to one of his friends. Bobo asked the hat allowed to say "Hullo" to all old buddies and says he is doing just fine.

SIGHTS AND SOUNDS ALONG THE WAY - Gaily painted litter cans dotting the beach, with the Nicholson Avenue job, the most colorful, painted in a scalloped red, yellow and black; snowy bowers of pear tree blossoms brightening the landscape; barefoot kids, as shoes are shed the moment the final school bell chimes and the sound of their voices as they frolic happily until the gnat brigade sends them homeward.

we care

what do you think of a super market's own brands?

You know they cost less, but you don't think they're as good as the nationally famous brands?

Well, we can't speak for all super market brands, but we can tell you there is one that's as good as the nationally famous brands. Yes, that's right...the A&P Brand.

Prove it, you say.

All right, take our A&P Frozen Vegetables in Butter Sauce.

They're prepared only from Grade "A" vegetables,

the best...you can't use better.

The butter sauce is made from 93 score butter

And you can't buy a higher score butter

Quality like this is typical of every product that bears the A&P Seal

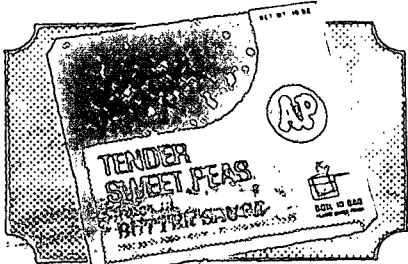

You see, A&P Brand products have everything

the nationally famous brands have...except the higher price.

Since the A&P Brand can be bought only at A&P,

shouldn't A&P be your store?

Capt. and Mrs. Rosenquist mark 25th anniversary

Capt. and Mrs. I. H. Rosenquist celebrated their 25th wedding anniversary, March 15, with a reception at their home, 215 Ruella Street.

The couple, who were married March 15, 1943, in Baltimore, Md., have been living here for the past 19 years.

Capt. Rosenquist was associated with Isthmian Steamship Company for 32 years and retired in 1954.

The refreshment table which held the anniversary cake was covered with an imported linen cloth.

Among guests were Mr. and Mrs. Edward Heltmann, Mr. and Mrs. Clarence Allen, Mr. and Mrs. Pete Palmeri, Mr. and Mrs. Clarence Schindler, Mrs. Elsie DeRocha, George L. Seuzeneau, Mr. and Mrs. Jack Seuzeneau, Mrs. Mary Waltman, Mr. and Mrs. Joseph Church and Mr. and Mrs. Paul Cox.

A number of other friends called during the evening to extend their best wishes.

Thirty-seven teachers were appointed for Hancock North Central School by the county school board Friday as the reorganization of Robert Clay, superintendent of the school system.

Incumbent were 21 for the high school and 16 in elementary school. In addition, Earl Loo, transportation supervisor, is entering the second year of his two-year contract.

Clay said all present teachers had indicated their desire to return but expected increase in enrollment will still leave him with four teachers short in the elementary division.

Recommended for high school were:

J.C. Harrell, science, AA teaching certificate, 19 1/2 years experience, Carl Martin, mathematics, AA, 25 years experience; A. P. Land, English, AA, 28; Bob Hubbard, history, A, 6; Arthur Necoles, mathematics, AA, 26; Barbara Kincaid, librarian, A, 4; Lloyd Wilson, English, A, 1; Romona Hada, English, A, 1; Homer Williams, social studies, chemistry, AA, 22; Roland Lohner, mathematics - coach, A, 16; Pat Morris, physical education - coach, A, 5; Paul Thomas, social studies - coach, A, 4; Alton Walkman, driver education, A, 1.

Also, Mrs. Gerald Kennedy, guidance counselor, AA, 16; Mrs. William Thomas, English, A, 5; Mrs. Cornelius Farris, home economics, AA, 33; Mrs. Gann Junger, biology - mathematics, A, 4; D. J. Martin, vocational agriculture, AA, 20; R. J. Vermilion, band, A, 17; Mrs. J.C. Harrell, typing, A, 13; James

Downes, industrial training, A, 2.

Accepted for the elementary school were:

Mrs. Earl Ramond, principal, AA, certificate, 20 years teaching experience; Mrs. Robert Lohner, reading coordinator, A, 18; Mrs. Edward Throck, B, 10; Mrs. J.E. Moore, B, 6; Mrs. Pat Thompson, A, 1; all first grade; Mrs. Alva Sauter, second grade, A, 30; Mrs. Carl Moran, A, 14; Mrs. Cecil Lohner, A, 21; both third grade, Mrs. Roland Lohner, A, 16; Mrs. C.J. Three Reasons Why Modern Families Should Graduate To Flameless Electric Heat...

1. It's Clean
2. It's Dependable
3. It's Economical

Today, over three million American families in all income brackets have graduated to the unmatched satisfaction of flameless electric heat.

There are five different electric heat systems from which to choose, and each fits into a fraction of the space re-

quired by old-fashioned, flame-type heating systems.

If your family is planning to build or remodel, investigate the advantages of electric heating. Step up to a better way of living electrically!

Pearlington Pearls

By PAT WILSON

I have long since discovered that the best way to see all the neighbors is to take my little girl, Elizabeth, better known as 'Peg,' and go for a walk along U.S. 90. We must come what resembles a circus parade, for whither goes Peg, her devoted collie Priss follows. Priss is followed by the black tom cat My Sin and the truculent Siamese Sweet brings up the rear. In our travels this much we saw Eldridge Yarborough working - retired after 50 years with the Louisville and Nashville railroad.

Things seem to be buzzing at the Continental Development office, after the quiet of the winter.

Miss Elaine Kelly is the new surgical technician at Hancock General Hospital. She graduated from Bay High in 1966 and completed her training at a Charity Hospital in New Orleans.

We said a reluctant farewell to Mrs. Joyce Penning and daughter, Heidi Withie, who are returning to California. Mrs. Penning is a former NASA employee.

Another accolade to C. A. Russ, for his appointment of Roy Baxter to the planning commission. He couldn't have

chosen a more capable man. The beautiful Baxter home and the excellent planning of the marina are proof that Roy has a natural talent for building better mousetraps.

We were privileged to view some of the photographs at the Louisiana Professional Photographers convention in New Orleans and they were absolutely magnificent.

People in Pearlington are talking about the Methodist revival, the generosity and good work of the Diamond Club, the muddy Mulatto Bayou, county advertising through the Chamber of Commerce, the burning of 6,439 forest acres in Hancock County during February, the Belle Isle salt mine tragedy and the poignant, madonna-like portrait of a miner's wife and child by G. A. Arnold in Saturday's Times-Picayune.

Have you read "The Battle for Better Schooling" in the March issue of Parents magazine? Don't forget the Edgewater Plaza Art Exhibit, April 1 to 13, open to local artists.

Mrs. Eugene Davis is visiting her son-in-law and daughter, Dr. and Mrs. W.E. Folso and family in Collins.

Perkins wins promotion in Tonkin Gulf

LT. (J.G.) Henry Grady Perkins, Jr., personnel officer for Carrier Airborne Early Warning Squadron 114, was promoted to Lieutenant Jan. 31 aboard the attack carrier USS Kitty Hawk in the Gulf of Tonkin.

Perkins is a combat information center officer of the carrier-based E-2A Hawkeye Early Warning Aircraft. The E-2A Hawkeye is a twin-engine turboprop aircraft used to control attack and fighter aircraft to and from their targets and to warn the fleet of approaching danger. He uses the radar "eyes" of this multi-million dollar aircraft to direct those other aircraft.

Perkins is a 1964 graduate of the U.S. Naval Academy. Among his decorations are three Air Medals, National Defense, Vietnamese Service and Vietnamese Campaign Medals and the Navy Unit Citation. He is the son of Mrs. Edward G. Monaghan of Gonzales, La.

Legal notices

A more particular and definite description of any or all tracts or parcels of said Sixteenth Section Lieu Lands can be obtained from the Chancery Clerk of Wilkinson County, Mississippi.

The Board of Supervisors of Wilkinson County, Mississippi, reserves the right to reject any and all bids; and thereupon sell said land on oral bid, if they so desire.

Bay faculty ball classic is tonight

standing room only is expected in Bay Junior High's gym tonight for the annual basketball classic between the men's faculty of Bay Senior High and Bay Junior High.

Last year the senior men poured it on the juniors 82-50 but a spokesman for the latter said morale is high this year and with the addition to W.J. Camore, Thomas Valerius and Prontino Hizon the juniors expect to even the score. Also on the squad are such stars as W.W. Clifton, Jon Blumebach, Woody Allerton, Thomas Pika, Cecil Powell, Billy Peck and Robert V. McGee, coach. "We are older and wiser this year," coach McGee said.

Going for the seniors will be Toy Towford, Billy Torry, Tommie Brooks, Donald Cladwell, Billy Sills, J.E. Lotancas, James Pair, Frank Lador, Wilmer Seymour and Thomas Johnson.

Officials are Jamie Jones, Anthony Lador and Donald Caldwell, Jr.

Intra-squad game set for tonight at SSC

Spring football training at St. Stanislaus ends tonight with the annual Red-White intra-squad game, now head coach Buddy Pitilo announced Tuesday. Action starts at 7 p.m. in Rockchaw Stadium and the public is invited.

Spring training which stressed fundamental football, agility and reaction drills, offense and a few basic plays began three weeks ago but injuries have played the Reds and several players will miss action tonight.

Captain for the Red team is center Bill Macburn, a two-year letterman, aided by Torry Phillips, Mike Gianellini, Mayor Lewis, Gary Griffin, John Boulton, Herman Coward, Bill Macburn, John Jones, Charles Theodore, Robert Welch, Charles Matherson, Elroy Victorian, J. "I Saw Wrinkles Vanish" or Diminish in 2 Weeks

NEW YORK (Special):—"Disappearance of small wrinkles was accomplished...even the very deepest wrinkles showed very great improvement." This dramatic report on the ingredients in Genova was made by a noted physician, specializing in dermatology, after tests made on a selected group of women. He gave these results with his own eye.

With this substance new to cosmetics, named Genova, aging skin can start looking younger and younger—each older and older woman. The physician also commented, "The small superficial wrinkles responded dramatically." And he added that this was "more translucent and smoother than any other."

These wrinkles are nothing new, amazing. And it took a new cosmetic compound to do it.

Developed by the trustworthy Nina laboratory, Genova is designed to be used under makeup instantly. In two weeks they greatly. That is the promise made possible by Genova. Skin will become more translucent, younger-looking. Now available in selected stores 1.65 oz. \$2.50, 4 oz. \$8.00.

PLANNED BAXTER

Bay Baxter of Pearl River County planning committee Tuesday night when they approved a contract with Malchow Engineering for a rural water study of the county. All officers will be on duty when the committee meets April 8 and acts upon the study.

Officers chosen at Tuesday night meeting, second of the year, were: J. A. Baxter, Board 2 member, chairman; David L. Johnson, Board 3, secretary; and J. A. Baxter, Board 4, treasurer.

Study of the rural water needs has been urged since time by Mar Stone of the county's Administrative Board. The engineering contract was awarded upon recommendation available by the U.S. Department of Agriculture.

The previous board of supervisors about a year ago authorized a water study of the county's rural areas. Baxter and Associates planning commission opened the study yesterday. The study was not considered for a program on Stone's recommendation. Several local engineering firms were interviewed for the assignment. T. Malchow firm was chosen as the county engineer.
